

## Corporate & Compliance

We advise not only on all legal aspects of business operations, but also on the regulatory and political challenges facing them. Our corporate lawyers draw on years of experience acting across many sectors, to provide clients with comprehensive advice on matters of **corporate governance** and compliance and to help minimize potential risks and threats.

We act for many types of foreign-invested companies and domestic enterprises, and are well versed in establishing and reviewing compliance programs to meet all applicable standards - being careful to take into account existing organizational and management structures, culture and expectations.

Our team focuses on:

- ▶ Antitrust compliance
- ▶ Business organization and management models
- ▶ Business restructuring
- ▶ Market entry services
- ▶ All aspects of corporate governance, including the development of guidelines and policies; self-evaluation systems; and responses to changing legislation
- ▶ Retainer services
- ▶ Compliance with legal and ethical requirements
- ▶ Crisis management
